The Hawaiian Islands having been admitted into the family of nations, are entitled to all the rights of larger powers, and governed by the same rules of public law. The old system of interference with our affairs which existed twenty years ago, has passed away, and it is important that the new phases of our political existence should not be too much identified in the popular understanding, with what happily no longer exists.

These remarks have been written with reference to that importance, as well as to satisfy enquiries which are constantly made as to the jurisdiction and immunities of Consuls. If I have in any manner succeeded in throwing light on the subject, my hopes are more than answered September 21, 1861.

#### PROCLAMATION ! Kamehameha IV., King of the Hawaiian Islands.

BE IT KNOWN, to all whom it may concern, that we, KAMEHAMEHA IV., King of the Hawaiian Islands, having been officially notified that hostilities are now unhappily pending between the Government of the United States, and certain States thereof styling themselves "The Confederate States of America," hereby proclaim Our neutrali-

ty between said contending parties.

And be it further known, that We hereby strictly prohibit all Our subjects, and all who reside or may be within Our jurisdiction, from engaging either directly or indirectly in privateering against the Shipping or Commerce of either of the contending parties, or of rendering any aid to such enterprises whatever; and all persons so offending will be liable to the penalties imposed by the laws of nations, as well as by the laws of said States, and they will in no wise obtain any protection from Us as aga nst any penal co .sequences which they may incur.

Be it further known, that no adjudication of prizes will be entertained within Our jurisdiction, nor will the sale of goods or other property belonging to prizes be allowed.

Be it further known, that the rights of asylum are not extended to the Privateers or be regulated by Treaty stipulation.
